Due to **COVID-19 and social distancing**, many agencies and organizations have had to close or change their method of service delivery to protect themselves, their clients, and their communities. Below is a list of available contacts and services. We recommend visiting the websites and social media of local agencies in your community most up to date information. Please stay safe and practice self-care in this stressful time. You can **call or text 2-1-1**, or access them online at www.sk.211.ca. Healthline also provides Mental Health Support, **call 8-1-1**.
